VOLUME NUMBER 80.

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, FEBRUARY 6, 1941.

EIGHT PAGES TODAY

NUMBER 43.

A Santa Fe train pulled out of Cameron at 11:55 a. m. Aboard the train were 14 young men. Some time later today they will be assigned to barracks in the United States army at Fort Sam Houston. As the train moved away my feelings were mixed. My mind went back twenty-four years ago. I saw a soldier of the World War with serious face looking up into the windows of the coaches as they moved away. He too left his home to answer the nation's call and little did he know then that history would be repeating itself a quarter of a century later when young Americans would be moving into divisions with that same Democracy at stake. He turned and walked away and so did I. They said: "It must not happen again." The boys who fought didn't say anything. Somewhere in the world men who were responsible have failed. These fourteen boys were serious about the departure and if they smiled at all, it was at someone close to them who stood by for the farewell. I am sure it makes a difference when someone of your own answers the call. There is something about all of it that takes away your sense of pride in those who fearlessly answer the call of duty. Not one of them was over twenty-three and I observed that there were at least five nationalities among them. They too have plans. How long will it be until the Poet says of them:

"Short days ago we lived,  
Felt dawn, saw sunset glow,  
Loved and were loved,  
And now we lie in Flanders Fields."

If there is any one thing in which Cameron is deficient it is publicity organization. For years the Herald has urged this function for the Chamber of Commerce, but for some reason not yet satisfactorily explained nothing substantial along these lines has ever been attempted. Here is a good example of what rheumatism is causing. I picked up a Daily newspaper this morning to read that the Milam County Rural Basketball Tournament will be held in Cameron Saturday. The story was under the date line of another community. For the information of the school authorities, this is published. Just to let them know that a large number of fine athletes will be here Saturday. Oh, yes, we don't want to overlook the important matter of extending an invitation to the public. You may not know it but you can get in the gymnasium to see these games. If Cameron wants you to visit the City on that day no one has yet said so. But for the thoughtfulness of another Community the tournament might have been overlooked entirely by Cameron. I can not imagine a more grievous recalcitrance than is manifested by our local school system in so vitally an important annual event as the tournament. Somebody needs a shot in the arm with a good civic serum. The Athletic Council when football season is over folds up like the tent of an Arab. No wide awake community will long tolerate such indifference. Yes, there is going to be a basketball tournament in Cameron Saturday to determine the rural championship. I am sure this information is correct because I read it in a Daily newspaper this morning. I hope someone connected with the school system finds out in time to sweep out the gymnasium and get it ready. If you've got a crutch you need no other credentials.

The cause of education was advanced this morning. E. A. Perrin, Superintendent of Schools, came to the Herald office to contest with the Publisher over the editorial policy of this newspaper. Early in the negotiations the editor drove a solid right to the left side of the Superintendent's head and what ensued thereafter was all in the cause of education. The publisher was scratched about the face and wrestled about the press room. Perrin who has made several unsuccessful attempts to dictate what we print when criticism was thought to be due, was evidently incensed at a comment on Tuesday regarding our lack of publicity organization. Some time ago the Daily Herald published an article about the coming tourna-

## STREET PAVING MAY BE WELL EXTENDED

Cameron's street paving program may yet be realized, according to Alderman Roy Griffith who said that the City Council has under consideration considerable extension over the present outlay.

Recently a news story was published which said the paving would probably end when the present outline of streets were laid.

The Daily Herald learns that although the City government has made no public announcement the Council has made plans for extending paving to other sections of the City. The Council has also discussed the possibility of taking over paving in the mercantile area, cutting down the street crown and laying the asphalt one inch thick. The present paving is three inches thick and this plan would give the City enough asphalt to pave a number of other streets.

The streets surrounding the school building and running south to the Court House square will not be topped until later on in the Spring. This will give the base time to set up properly and insert warm weather for knitting the asphalt.

The City of Cameron should in the opinion of a number of tax payers, arrange to complete the \$100,000 program and in doing so take advantage of the government allotment of labor. The City streets are badly in need of paving.

## Thweatt to Defend Himself in Court Here Next Friday

Ben Thweatt who is charged by indictment with aggravated assault will be tried in County Court Friday, February 7th.

The case grew out of a recent disturbance at Mr. Thweatt's place of business in the western edge of the City when he refused to sell beer to a white man who he said had been drinking.

When Mr. Thweatt sought to eject the man from his place, a negro who was with the white man attempted to attack Mr. Thweatt and the negro was shot in the leg.

The state will be represented by Criminal District Attorney W. A. Morrison and Mr. Thweatt will represent himself, it was understood.

## Twenty-Four Men Are Suggested for Board Chamber Commerce

The Herald submits the names of 24 men who are needed as directors for the Chamber of Commerce.

There are other men but only 24 could be named. It would be a sacrifice for some of these men to accept but they can give Cameron the kind of help the city needs.

The Herald has in mind a revamping of our community income. These men not only would have the incentive, they would understand what should be done and can get the job over.

They represent the business life of the community, are employers of labor and would work for a program to overcome what we have lost to the government's economic experiments.

We are facing a situation as grave as that of any period in our economic life. Cameron is at the cross roads and many other towns are likewise face to face with the problem of preserving our property, our trade and our institutions.

## Emergency Loans to Farmers Being Made

Emergency crop and feed loans to farmers for 1941 are now available and applications for these loans are being taken by W. F. Paden, manager of the Chamber of Commerce, and Eric E. Brown, field supervisor.

The loans are to be made to farmers whose cash requirements are small and who cannot obtain a loan from other sources.

## FRED ALLEN WINS TITLE FOR LIGHT WEIGHTS

### ONLY CAMERON BOY TO SURVIVE TOURNAMENT

Fred Allen won the District Light-weight Title in the Golden Gloves tournament Saturday night in Temple when he scored a technical knockout over G. L. Ledbetter of Bruceville-Eddy, a tough boy who had fought his way to the finals.

The fight, a vicious battle from the bell, was ended in the third round when Ledbetter, badly beaten, walked to his corner and surrendered the fight.

Allen is the only man to win a title. He will go to Fort Worth on February 13th for the state golden gloves meet.

Putley Dierr who beat Cecil Tindall for a go at the welterweight title for the district, lost to Alvin Lueck of Temple. The Temple boy who knocked out John Henry Wilson in their fight on Friday night, lashed out viciously at Dierr at the bell and had the Cameron boy on the canvas.

## HOME LOAN MEETING SCHEDULED FEB. 10TH

A step by step explanation of how residents of Cameron can buy or build their homes under the Federal Housing Administration plan will be made Monday night, February 10, 7:30 o'clock, in the District Court Room of the Court House in Cameron, it was announced today by P. S. Luttrell of Dallas, State Production Manager for Texas of the Federal Housing Administration. He announced that E. S. McAdams, Field Representative of the Southwest Texas FHA District will be in charge of the meeting. In addition to the explanation on the FHA plan of home ownership, there will be shown 36 slides, in color, of houses ranging in price from \$1600 to \$5400 which have been built and financed under FHA during recent months in Southwest Texas.

All business firms in Cameron will be advised of this meeting in order that they might acquaint their employees with plans for the Monday night meeting and it is expected that a large number of salaried people will be present.

"I feel sure," Luttrell said, in connection with the meeting, "that many of your people can buy or build their homes on the FHA system and pay for them with money now spent for rent. A good many of these people, however, do not know how easy it is to own homes and how little it takes to buy or build on the liberal FHA terms."

"The Cameron meeting is a timely one and FHA Officials will be here for the express purpose of explaining the simple steps necessary to buy or build your own home. The showing of slides will be practical evidence that attractive small homes can be built in this community at a cost that many of your residents can well afford. It follows, of course, that home building brings a measure of prosperity to all business in the community."

The Wm. P. Carey Lumber Co., and the Jeter Lumber Co., are sponsoring advertising in the Cameron newspapers about the FHA show to be held on February 10th.

## Editor and Perrin Engage in Fight Early Wednesday

Editor J. B. White and Superintendent E. A. Perrin engaged in a fist fight in the Herald plant Wednesday morning.

The Superintendent came in the plant to remonstrate with the publisher over editorial policy and the trouble resulted.

In line with its policy of reporting the news mention is made of this event of the day. Perrin has disagreed with the Herald often in recent months and his visit early Wednesday indicated he wanted to put his dislikes into action.

Both men escaped with minor injuries and all was quite on this front

for the count of 8 in the closing seconds of the first round. Early in the second round Lueck drove a sharp left to Dierr's jaw and the Cameron red head went down for the count.

Red Bell lost a close decision on infighting to Roy Fisher of Allen Academy. This was the middle-weight championship fight of the meet. Bell fighting cautiously lost the decision on points to Fisher, but at the close of the fight both boys were going strong. Bell seemed to have difficulty getting his fists going.

A scheduled exhibition between Cecil Tindall and Lee Allen Poteet of Temple did not occur.

The Cameron team under Ben Reichert won 25 points to place third in the tournament. Allen Academy was first and Temple second.

Allen without much previous experience was one of the standouts of the tournament. He was a star back on the 1939 Yeomen team. He won the right to fight in the state finals at Fort Worth.

BEN SMITH

Ben Smith, new Southwest Texas superintendent of the Southwestern Bell Telephone Company assumed his new duties February 1. He comes to Southwest Texas from Dallas where he was directory sales manager for Texas.

He succeeds J. V. Hucker who has announced his retirement from active duty after 36 years of telephone service in San Antonio and this section of Texas.

## Selective Service Call No. 5 For Nine White Men Feb. 26

Call No. 5 for 9 white men was received at Selective Service headquarters in Cameron early Monday. The call is for February 26th and the local board quota is 9 men out of 3400 called for in Texas.

On Friday 13 men were sent out from the local board, 8 of them volunteers. On February 7 five men are called.

Out of two calls 4 men have been rejected and replacements must be sent to the induction center on Feb. 19. Of the four men rejected one is a negro.

Although calls are not known in advance of their issue at Austin headquarters, it was understood around 6000 men a month will be called out of Texas the state quota of some million men to be inducted this year.

## Three Men Rejected In Friday Quota Who Reached Army Camp

The Daily Herald learned unofficially that three of the fourteen men who left Cameron Friday for the induction center of the United States army at Fort Sam Houston have been rejected because they failed to meet the physical requirements.

The men who returned are Albin Leo Marak, Elbra Austin James, and Roy Vernon Adams.

The men rejected must be replaced on February 19th and it was understood that the Local Selective Service Board was taking steps to call up three additional men for the replacement.

## Banquet Speaker

HUBERT HARRISON

Mr. Harrison has accepted an invitation to deliver an address at the forthcoming annual banquet of the Chamber of Commerce on March 11th. Mr. Harrison is manager of the East Texas Chamber of Commerce.

## Charges Are Filed Following Fight in The Herald Plant

E. A. Perrin, superintendent of Cameron schools and J. B. White publisher of the Herald, have been charged in corporation court with an affray.

These charges were filed by City Marshal Gene Smith following a fist fight which occurred in the Herald Wednesday when Perrin came in to demonstrate his ability to muzzle the press.

This is the second case that has been filed against Perrin during his stay in Cameron, although he has had a number of fights, principally with high school students.

The other offense for which charges were filed was a fight with Carl Henderson which resulted from what Henderson determined was mistreatment of a student related to him and attending high school, according to information furnished the Herald.

Although Perrin came into the Herald building in his usual offensive style causing the fight, the publisher said he has no intention of resisting the charges.

Perrin it was understood appealed to officers to restrain the publisher from writing anything about the fight and generally to suppress any material that may be written about him. He is said to have asked if there is "any law to protect a gentleman."

In his rounds looking for protection Perrin also visited the office of the Criminal District Attorney, it was reported early today.

For the information of the public there is no law for the protection of gentlemen. They have to take their chances along with citizens.

There is no way newspapers can be prevented from publishing news. These rights are guaranteed under the Constitution. A school superintendent should know this. Freedom of the press has been stamped out in Germany under Himmler and his Gestapo.

## Invitation Track Meet Here March 8

Chas. M. Hicks, director of the annual invitation track meet in Cameron, has mailed notices that the 1940 meet will be held on Saturday, March 8th.

This meet will be the Ninth such event and each year interest has increased with hundreds of athletes coming from many sections of Texas to take part in the meet.

The Cameron meet has been declared to be the best of its kind held in Texas.

## BRITISH WAR TOLL IS HEAVY IN AFRICA

The magnitude of the Italian disaster in Africa was revealed today when the British government announced that 110,000 men had been taken from the Italian army which is now fleeing in disorder.

With this enormous capture are guns and materials in vast quantities so that the defeat not only signifies loss of the army but the economic toll will be heavy as well.

The British at the same time announced they had lost only 5000 killed and wounded in the entire African campaign. This would seem to indicate that the Italians are making no resistance to the British.

The Germans bombed four areas in England today in a resumption of aerial warfare. The Germans claim that 18 British planes have been shot down over the channel during the last twenty-four hours.

Harry Hopkins, special envoy of President Roosevelt to Britain, was said today to have been given the privilege of sitting in on English military secrets. This would indicate the extent of co-operation between the two countries.

## DR. JAMES WATSON IS RED CROSS HEAD HERE

Dr. James Watson has been elected Chairman of the Milam County Chapter of the American Red Cross. Election of officers was held at 3 p. m. Tuesday in the Chamber of Commerce room.

Ray O'Neill was elected Secretary and George Banzhaf was elected Home Service Chairman.

Officers re-elected are: J. M. Weed, Vice Chairman; T. V. Adams, Treasurer; Alvin Dusek, Disaster Chairman.

Mrs. W. P. Hogan was elected publicity chairman. John Jeter was elected Roll Call Chairman for 1941.

Mr. Adams reported \$724.59 in the general fund and \$252.06 in the relief fund.

The quota for sewed and knitted garments was accepted. The production headquarters will be in the room over the Blue Bonnet Cafe.

## Fourth Call For Men Under Selective Service Takes Five

Five white men are required for call No. 4 under the Selective Service system, it was announced at headquarters for the local board Wednesday.

Men selected are: Herbert Benard Wimmer, Pedro Guajardo, Emil Edward Stalmach, Garland Gillis Gibbs, Rudolph Balusek.

The board as a precaution against failure of any one or more of the men selected to meet the physical requirements at Fort Sam Houston have notified the following men, next in line, to stand ready for the draft: John Krenek, Leonard Junek, Richard Baggett.

Fourteen men are to leave Cameron on January 31st for Fort Sam Houston. Men included in the February call are to report at the local draft office at 11 a. m. on February 7th. They will leave early in the afternoon for the induction station in Fort Sam Houston.

## FIGHT OVER MIDGET

Two men past middle age engaged in a fight Wednesday afternoon over copies of the Daily Midget.

The names could not be verified in time for publication but this important indication of the high value placed on the Little Daily by readers is worthy of note.

More than a year ago an aged man was hurt trying to get in the door of the Herald where a bundle of papers were laid on a showcase in the front office.

On Wednesday the papers were so eagerly sought that the two men were said to be contesting for a single copy.

Mrs. Guy T. Newton transacted business in Caldwell and Bryan Wednesday.

S. C. Coruth of Waco transacted business in Cameron Friday.

Bill Faulkner of Burlington transacted business in Cameron Saturday.

T. V. Adams of Buckholts transacted business in Cameron Tuesday.

## HEAVY CALL ON MEN FOR SERVICE EXPECTED

Indications were that local board No. 2 of the Selective Service System will be called upon for a large number of additional men during the next few weeks.

Fourteen men left Cameron Friday and three were rejected. On Feb. 7, five men must be drafted and that will leave the Local Board with only twenty-eight men in Class 1A.

A call received Monday for nine men on Feb. 26th, will leave only nineteen men ready for military service.

It was revealed by Mrs. Jack Lewis, Chief Clerk, that 250 questionnaires have been mailed out and fifty are ready to be mailed sometime this week.

The situation regarding negroes is difficult. A call for negroes was expected in February. The Local Board has twenty-five volunteers among negroes who are waiting, and in addition eight have been placed in class 1A, making a total of thirty-three negroes who are ready to go but no call has been made for them.

Horace Hardman, negro, of Cameron, must report for induction on Feb. 19th, to replace J. C. Stewart, negro who was rejected from a quota sent to the induction station in January.

It was understood that more than one million men would be called to service in 1941 and Texas would be required to furnish something like one hundred thousand. If men are called as rapidly as these developments indicate, Local Draft Boards in Milam County would be required to supply men substantially every thirty days.

Virginia Smith of Sam Houston State Teachers College in Huntsville visited her parents here for the week end.

Mrs. Ella Dobbins is spending the week in Waco visiting her children, Mrs. Roger Nebiet and husband, and George Hooks and family.

## James Brogdon and Margorie Ann Cass Married December 16

A wedding of interest to many in Cameron and over Texas that linked the lives of two widely known young people whose families have long been prominent in this community, occurred on December 16, 1940, in Almagorda, New Mexico.

James Brogdon of Cameron, student at Texas A & M College, and Miss Margorie Ann Cass of El Paso, were married at the home of Rev. Keating, Baptist pastor in Almagorda who performed the ceremony.

The marriage was not known in Cameron until Thursday and its announcement was received with surprise and pleasure among their wide circle of friends.

The bride graduated from Austin High School and had lived in El Paso all her life. She has visited in Cameron on a number of occasions and had many friends here. She is the daughter of Mrs. Stella Cass and a grand daughter of Mr. and Mrs. Robert Todd of Cameron.

Mr. Brogdon, now a Junior student in A & M College, was born and reared in Cameron. He is the son of Mr. and Mrs. S. E. Brogdon and is a graduate of Yoe High School.

Mrs. Brogdon will join her husband in Cameron next week.

## HENSLEY-FOSLER

Debs Hensley and Miss Ethel Fosler were married on November 7th in Georgetown but did not announce their wedding until last week. Mr. Hensley, a son of Mr. and Mrs. Clyde Hensley of the Belmena community, is a senior at Southwest Texas State Teachers College in San Marcos and will receive his B. S. degree in August. Miss Fosler who is a junior at the college, is a resident of Yancey. Before her marriage she was secretary to Dean Steck, and was chosen as one of the six beauties at the college this year. Mr. and Mrs. Hensley will make their home in San Marcos.

## WILLKIE IS URGED TO COME HOME AT ONCE

The war in Europe had faded from the international picture today and there seemed no way to get at what was happening behind the scenes.

Commentators last night held to the view that Germany is planning an immediate invasion of England.

In Washington the congressional fight over the Lease Lend Bill was punctuated with interest today when President Roosevelt accused Senator Burton K. Wheeler of Montana of saying in 1935 that Nazi Germany was destined to rule Europe.

Secretary of State Cordell Hull has sent an urgent cable to Wendell Willkie, Republican candidate for President last fall, who is now in London, to return to the United States as quickly as possible to testify before the Committee in Washington.

ton. The message to Willkie is believed to indicate serious development in the international situation.

Japan was reported today to be facing a serious food shortage and will begin at once to ration rice, the principal national diet.

The British in Africa were reported to be meeting increased resistance from the Italians and indications were that the march through the desert might be encountering some difficulty.

Miss Minnie Atchley, newly elected member of Yoe High School faculty, began teaching Monday morning. She replaces Mrs. Robert Rhode, and is instructor in English and Latin. Miss Atchley taught in the Wellington schools for the past six years.

Sherwood McLaren of the Marlow community was a Cameron visitor Tuesday.

## BRITISH WARN ICELAND WILL BE INVADED

The war in Europe today touched a multitude of vital spots and the news varied as greatly in importance.

Benito Mussolini warned the Italian people that they must prepare for an offense on all fronts soon.

This is taken to indicate that the all out attack on Britain is soon to begin.

Wendell Willkie in a statement in London gave the impression that he favors the Roosevelt All Out Aid to Britain now pending in Congress.

The British were making advances on all fronts in Africa.

London announced today that there is a threat of invasion of Iceland and Ireland, either separately or simultaneously, by the Germans.

Adolf Hitler may make a speech tomorrow. It is the eighth anniversary of Nazi power.

There have been no air raids over Germany during the past twenty-four hours.

In Washington Secretary of War Stimson warned the American people that the United States should not delay any longer and said this country unarmed and defenseless faces an armed enemy—Nazi Germany.

## FRENCH SURRENDER TO NAZIS IS FORECAST

Jamaica, rich province of Great Britain on the Western Hemisphere may be sold to the United States in exchange for vital war materials it was revealed today, when the matter was under discussion in the House of Commons in London.

In Washington there was no comment on the report that the rich and vital territory would soon pass into the hands of the United States.

From Britain the announcement came that Pierre Laval who was kicked out of the Cabinet at Vichy, was soon to return and to take control of the government in occupied France.

Laval is known to be anti-British and if the German report is true, it may mean that France will co-operate with Germany in the war on Britain.

The Germans went so far as to say that Laval would not only be admitted to the Cabinet but would have vastly more authority as a member of Petain's government.

Demands made on France were not yet revealed but it was believed certain that Adolf Hitler is attempting to get hands on the French fleet for the forthcoming attack on British.

### DRUM MAJOR NAMED

## Little Gato, Yellow Kitten Becomes Big Shot at Auto Store

Kindness is spreading in Cameron today and the Midget Daily is happy to note signal instances.

Another kitten has found a home. This time at the Western Auto Associate Store where Harry G. Haraway is manager. Some days ago, to be exact on January 23rd, a yellow kitten wandered into the store and has been given a home.

The kitten has been named Gato. It is receiving a great deal of attention and has visited most everybody in the block. Little Gato spent the week end in the City Hall last week and caught his first mouse.

Employees at the store said the cat was named Gato, which means cat in Spanish. This is the third homeless kitten that has found kindness in Cameron in the last few weeks.

## From Egypt's bondage to the Plains of Abraham—in quest of LAND!

It was not enough that Moses should deliver his people from the yoke of the Pharaohs—there must be land; there must be a solid foundation upon which a people may worship freely. So man's search for Freedom has been in a large sense of seeking for land. For in reality there can be freedom for no more people than the land can feed—America's riches lie in the abundance of her lands, lands that her people own!

### LAND IS WEALTH

What is yours in this world? You have a car, clothes, a little jewelry, and perhaps some cash and securities in the bank. But there is only one durable possession that a man may own, and that is LAND. Is there a part of this American earth that you can call your own?

ment. What actuated the criticism was to read about coming Cameron events under date lines of other communities. It is enough to say that the freedom of the press in Cameron is still intact. Perrin has run afoul of independence here often. His policies have been the cause of much caustic criticism from many citizens and his predilection for dictatorial powers is both shameful and hurtful to those who have sought to serve the schools. He has shown little gratitude, especially toward the Herald which during the Athletic Council feud held out stoutly for his administration. With Perrin it is rule or ruin. In the case of the Herald I think he shall do neither although his powers over some people are equivalent to magic. Hitler in Germany has the same technique and but for a few independent souls we could have little Nazism in Texas.

Most every day some good friend, in the language of my country, "calls me aside" and gives me the benefit of what he thinks. Right now a lot of them are telling me what they think. In most every case they say, "Don't quote me." Sometimes they say, "I'm in business and I can not afford to make anybody mad." The press is called the fourth estate and those who are engaged in the business, if they are worthy of its traditions, not only are willing to be quoted but day by day they say the things they want to say. Having been waited on yesterday by a member of the Board of Directors of the Chamber of Commerce, E. A. Perrin, and wishing to dispose temporarily of the issue which produced the altercation, I think it is well to consider what is meant by freedom of the press. There is an interesting revelation about the evolution of news writing and editorial comment. Let it be said here that the press has come through the most severe strictures ever imposed on any division of our prerogatives for free expression. There was a time when men could not print criticism of the Czars who ruled their betters. Happily for people the newspaper profession has managed somehow to find in its ranks at all times men who neither fear nor plight their souls for the compromise of ease and good circumstance. Himmler and his Gestapo have snuffed out the intelligent printed word in Nazi Germany. The controlled press has been an instrument of destruction to nations. Let's keep it free and

let's put the spotlight on the little Himmlers where ever we find them. Tomorrow I am going to discuss briefly the freedom of the press.

## Wake Lazy Insides Ali-Vegetable Way

A quarter to a half-teaspoonful of spicy, aromatic, *all-vegetable* BLACK-DRAUGHT on your tongue tonight, a drink of water, and there you are! Thus, it usually allows time for a night's rest; acts gently, thoroughly next morning, so relieving constipation's headaches, biliousness, bad breath.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative," which helps impart tone to lazy bowel muscles. The millions of packages used prove its merit. Economical, too: 25 to 40 doses, 25c.

## MISSIONARY SOCIETY

The second missionary society of the First Christian Church met in the new home of Mrs. Clark Kelly on Monday afternoon, February 3rd. The theme for the year is "I will build my church that the way may be known." For the next month China will be studied by the society.

The beautiful hymn "Faith of Our Fathers" was sung after which three dollars and fifty cents dues were collected.

Mrs. Bennie Archer read the scripture reading, Mark 16:15, 20 and gave a beautiful devotional on "The church and its work in China," ending with a prayer thought from the beloved St. Francis.

Lord make me an instrument of your peace; where there is hatred, let me sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; where there is sadness, let us sow joy.

Two more very interesting articles on conditions and missions in China, was given by Mrs. Bert Nicholson and Mrs. Bob Young.

A brief study of the map of China was directed by Mrs. Guy Slocumb. After the Benediction was given Mrs. Kelly served a delicious sweet plate of mince pie, cheese and coffee.

When the missionary society had adjourned a beautiful box decorated in red cellophane and white lace hearts, banked high with beautiful and useful gifts was presented to the hostess by Mesdames Ray Burke and Bert Nicholson. This came as a complete surprise and was greatly appreciated. After the gifts were opened Mrs. Kelly in her own sweet way thanked each guest for the gifts.

## WITH THE BAPTIST

We just did make it last Sunday! Rained all day Saturday. Surely thought it would dampen Baptists' spirits, but the contrary was true. Sunday turned out to be a church-going day. One deacon said, "Preacher, how did the full house look to you this morning?" The congregation was inspiring. Many visitors were present.

Days seem to be full of Baptist activities for us. Last Thursday three cars journeyed to Lampasas for a twelve county Baptist Workers Conference. Plans for the spring work were outlined, the importance of caring for Baptist work among the 400,000 soldiers in training camps was stressed, and all were asked to actively agitate against liquor and race track bills which might come up in the Legislature.

Monday the Milam County Baptist churches convened for Worker's Conference at Little River church. A doctrinal discussion was entered into in the morning services and the women gave reports and showed forth the vital need of organizing for training our young people.

The Minnie B. Henderson Sunday School class with Mrs. John A. Smith, their teacher; the Homemakers Class with Mrs. W. B. Skelton, their teacher, and the Martha Class with Mrs. Wm. T. Hefley, their teacher had their monthly business and social hours this week in the banquet room of the church.

The first meeting of Royal Ambassadors was held Tuesday night with 12 boys present. Messrs. John

A. Smith and Curtis Lowe are to lead in the growth and development of this organization.

Can you write down one good reason that you would be willing to have read in Heaven as to why you were not in Sunday School last Sunday? 270 were present. Let everyone of us sincerely make an effort to be present next Sunday.

Sunday School at 9:45. Subject "Ye Cannot Serve God and Mammon." Luke 13:16. 11 o'clock sermon "Are you Riding Blind Baggage?" Sunday afternoon at 2:30 the Milam County Associational Training Union Rally will meet with our church. 6:20 Training Union. Subject "Facts About Spiritual Work." 7:30 Sermon "The Soul's Greatest Question."

A hearty welcome to you. The spirit of the church is friendly, the interest is inspiring and all Baptists seem to be for the Baptist Church!

## HOMEMAKING CLASS TO DISPLAY DRESSES

With the change of terms at the Yoe High School, the students who have been taking clothing courses in the homemaking Department have had the garments that they have made in their classes judged. The purpose of this is to select the three best garments from each of the classes.

The homemaking program includes a class in first year clothing in which the students make cotton school dresses, a class in second year clothing in which the projects

are wool, silk or rayon general wear dresses and third year clothing in which the girls make special occasion dresses. Another class in clothing work is the general homemaking group a class composed of juniors and seniors who have not had a chance to take the three years of homemaking.

In this class the students are allowed to sew on projects that suit their needs. Some choose to make school dresses, some tailored dresses or suits and some make house coats or underwear.

Mrs. Raymond Bennett acted as judge for the contest and she was assisted at times by various home-making students.

In the first year class the winners were: first place, Juanita Boedeker; second, Frances Brown; third, Doris Johns. The first, second and third winners in the second year class were: Mary Beth Price, Dorothy Perkins, Lucille Dornier, respectively. In the third year class Eleanor Knipp placed first, with LaNelle Matula and Doris Phipps ranking second and third. In the general homemaking group all dresses that placed were cotton school dresses. Dora Angell won first, Lillian Michalka second, and Nadine Weems, third.

The winning garments will be on display in the window of the Public Service building on the block between the Cameron Hotel and Palace of Sweets.

Miss Ena Etegar of El Paso, is visiting her sister, Mrs. Niley Smith for the week.

## Correcting A False Rumor

It has been rumored that I have purchased sick dairy cows recently.

Those who circulate these rumors should correct them at once. I have purchased no dairy cows of any kind within the past 2 years from anyone but I have purchased equipment to protect the people from milk born diseases.

I wish to state that my herd has always met and continues to meet every standard of excellence set up by the sanitary authorities.

It is a scientific fact that PASTEURIZED Milk is the safest supply you can get. Mine is the only dairy in Cameron that sells Pasteurized Milk.

## New Deal Tax Bill In 1941 Will Take Near Million From People of Milam County

The people of Milam County, during the Federal fiscal year beginning July 1, 1941, will be called to pay \$930,900 in Federal taxes, and they must also assume \$1,036,200 of additional Federal debt, as a result of the deficit financing of the Federal government, according to calculations by the Tax Department of the East Texas Chamber of Commerce. The calculations are based upon this county's percentage of the total of retail sales of the nation. They are contained in the current Tax Letter of the East Texas Chamber.

The Tax Letter also points out that Governor O'Daniel, in his tax message to the Legislature last week, told legislators that the total of taxes collected by State and local governments in Texas is far below that collected by the average states in the American union, while the U. S. Department of Commerce, in its publication of "Financial Statistics of States for 1937," just issued, reports

"all revenues for all States averaged \$31.90 per capita; for Texas \$28.79 per capita."

"Texas can't afford to spend as much as the national average on its State government and its State agencies," the Tax Letter declares. "The U. S. Department of Commerce estimates per capita income payments for 1939 for the nation at \$536 and for Texas at \$401. Texas' per capita income is 25.1 per cent lower than the national average."

The Tax Letter further points out that the University of Texas Bureau of Business Research estimates Texas total income for 1940 at \$2,660,000,000, or 5.1 per cent more than in 1929, when Texas had half a million fewer people than in 1940.

"Certainly there is no increase in the income of Texas people to warrant the 100 per cent increase in State revenues from 1929 to 1940, or an additional \$62,000,000 on top of the \$185,000,000 collected by the State in 1940," says the Tax Letter.

## GLOVE MEN

(continued from page 1)

Three Cameron Golden Gloves contenders fought their way to the finals in the Temple tournament and will go in the ring tonight carrying the hopes of 6,000 people here.

Fred Allen of Buckholts will fight G. L. Ledbetter of Bruceville-Eddy in the only lightweight fight of the evening.

Putley Dierr, red head, who has won two fights in two nights is pitted against the veteran Alvin Lueck who scored a knock out over John Henry Wilson in a welter weight decision last night.

Red Bell of Cameron who beat Pete Lange of Bartlett in 3 rounds to take a close decision, will fight Roy Fisher of Allen Academy, a vicious puncher and a slight favorite.

Cecil Tindall who lost a close decision to Putley Dierr in the semi-finals last night will fight an exhibition three round battle with Lee Allen Potet of Temple. This will be a curtain raiser in the final card of the tournament tonight.

A fight much talked about is the featherweight event in which Cotton Brisbin of Rogers who fought his way up to the nation's finals a year ago will meet Jack Baker of Temple who has won two impressive victories in two nights. Brisbin fought an exhibition with Dick Menchacha of Allen Academy last night. Menchacha is national bantam weight Golden Glove champion.

The Herald was unable up to the time of going to press to verify a report that Ben Reichert, former welter weight champion of the University of Texas, will fight in exhibition tonight. Mr. Reichert who is coaching the team of fighters from Cameron may not be able to fight. He is always in the corner to second the Cameron contenders.

Cameron lost two of its events last night. Willie Tischler of Temple won a decision over Sycamore Graham in three rounds. Graham, inexperienced but tough and rugged, stood up to the Temple man for three rounds and took some vicious wallops. Tischler was awarded the decision but Graham came through smiling and shows a lot of ability. If he can master the art of boxing, he will be poison on the trail of any man.

John Henry Wilson, welter weight, who fired the imagination of Cameron fans when he knocked out Johnny Hurta Ocker on Thursday night, lost heavily in an exchange of rough going to Alvin Lueck of Barclay. Without much previous experience Wilson entered the ring at a great disadvantage and was knocked out in the first few seconds of the second round.

At the bell for the opening round Lueck rushed Wilson and slashed the contender about the ring with vicious lefts and rights to the head and drove a body blow in that knocked Wilson out of the ring and into the laps of spectators several feet away.

Wilson was pushed back into the ring and was knocked down again but saved by the bell. He fought on gamely and came out of his corner at the opening of the second round slightly groggy and pale. He was flopped to the canvas with a vicious right to the head as Lueck rushed him to the ropes. Wilson unable to continue the fight, was taken to his corner by the referee and Lueck won the decision on a technical knockout.

Putley Dierr won a close decision over Cecil Tindall in the welter weight opening fight when the Cameron boys were unable to avoid fighting each other as both had advanced up the line of contenders. It was a close decision and both men were tired at the bell.

Dierr has drawn a bout tonight with Alvin Lueck, an experienced battler who looked very impressive in his knock out victory over Wilson.

Cameron's entries in the Golden Gloves Tournament in Temple Thursday night carried off the major honors and as a result six of the fighters will enter the semi-finals tonight.

Cecil Tindall, captain of the Yoe-men football team last fall, started off the Cameron sweep of the events by earning a decision over Roy Garrett of Rosebud. As a result of this win the official schedule shows Tindall matched against Putley Dierr in the welter weight semi-final tonight but it was not likely these boys would fight.

Fred Allen won his fight by the forfeit route when Johnny Hajda of Thorndale failed to appear. Tonight Allen will fight L. A. Carroll of Lott in the light weight event of the semi-finals.

Putley Dierr, was the third Cam-

eron man to earn a decision last night. He shaded D. Kyser of Allen Academy in three rounds decisively to give Cameron a big start in a night of successful gloves. Dierr and Tindall are matched tonight but it was not likely that two Cameron men would contest.

Red Bell, one of the best backs in the conference last year and who fought in the tournament last year, won a decision over Woody Gordon of Hamilton. The Cameron boy was slightly under form in this bout and while the decision was booby, he made the fourth safe landing for Ben Reichert's glove fledglings in the tournament. Tonight Bell fights Pete Lange of Bartlett.

It remained for John Henry Wilson, flashy welter-weight to score the only knockout of the evening. Wilson who wields a wicked left knocked out Johnny Hurta of Seaton in the second of their scheduled 3 round fight. Hurta went to the canvas once in the first round as Wilson threw lefts and rights to his jaw. About mid way of the second round Hurta took the count after Wilson in convincing fashion pasted the big boy with devastating wallops to the body and head.

Wilson by reason of his sensational showing will fight Alvin Lueck of Barclay for the right to enter the finals and if he wins will be the first Cameron boy to go to the state meet.

Owen Stidham had a bit of hard luck in his fight with Pete Lange of Bartlett. He lost the first round on a foul but finished the other rounds in a slam bang battle which showed he has the stuff to make it interesting for any of the middle weight contenders. Both men slugged it out in a fierce finish. Stidham was the better man. He won the fight save for the unfortunate first round when he lost ground on an unintentional foul. It was a close decision at that.

Carded tonight is a light heavy-weight event for the semi-finals when Byron Graham fights Willie Tischler of Temple. This should be a good fight. Graham is a tough boy and will get in their and represent his team with everything he's

got. This fight is advanced as one of the big events of the evening in which Cameron boys appear.

Many Cameron fans sat in the arena for the show and will go back tonight to cheer the boys along. Ben Reichert, publisher of the Cameron Enterprise, former welter-weight champion at the University of Texas and who fought his way to the finals in New Orleans, is coaching the team. The Herald learned today that Reichert may fight an exhibition bout tonight or Saturday when the finals are held. Reichert has done a good job with the boys and has earned the gratitude of the city for the showing of his men in the tournament.

## FACULTY SHOWER

Four members of the Yoe High School faculty, Miss Emma Jean Johnson, Miss Irene Hollis, Miss Lola Trice and Miss Celeste Tisdale, were hostesses of a faculty shower for Miss Dorothy Kidd one evening last week at the home of Mrs. J. C. Martin.

Receiving the guests were the hostesses, the honoree and her sister, Miss Wynellie Kidd who were all dressed in formals. In the living room was an umbrella made of tissue paper from which small pieces of paper, representing raindrops, hung. On the paper were written clues to places where the bride could find her gifts and she proceeded to do so at once. Following this all were invited to the dining room for a lovely refreshment plate consisting of cherry ice, mints, cakes and nuts. The table was attractively centered with carnations.

SECRETARY KNOX SAYS  
INVASION DUE ANY DAY

Secretary of the Navy Knox in a statement today said that Germany will invade England at the first opportunity, when weather conditions are permissible.

Mr. Knox issued his third warning to the people of the United States in answer to Adolf Hitler in which the German leader said that he will not hesitate to make war upon the United States if and when this country attempts to give England effective aid.

Secretary Knox believes that the German invasion of England is only a matter of days. Others hold a contrary view and the British say they are ready.

Many civilians were killed and many were wounded in wide spread Nazi air raids over the British Isles today.

## ANOTHER CAR CRASH ON LITTLE RIVER BRIDGE

A near fatal accident was narrowly avoided around 2 a. m. today when a resident of Buckholts, who as yet has not been identified and whose car skidded into the railing on the Little River bridge, was brought under control.

The accident was reported to the Daily Herald by R. A. Tag, government weather observer who went out to get a report on the rapidly rising river.

According to Mr. Tag the car skidded into the rails on the north side of the bridge and bounced across to the south side, taking away considerable portion of the railing on each side.

There has been a number of accidents on this bridge recently, one of which resulted in death.

## People On East Main Want Free Delivery

The Daily Herald which took a leading part in obtaining recommendation for a large section of the City west of the Missouri-Pacific line tracks where no free mail delivery was in operation, has received another complaint from another section of the City.

It appears that the whole delivery system in the City should be revamped. It would require the services of another full time carrier if all sections of the City were included.

The inquiry which came to the Herald Friday has to do with that section of the City on East Main where a large residential section does not receive the benefits of free mail delivery.

The inquiry came from Mrs. Hampton Ross.

The Herald has made some investigation and finds that there is a large section of the City represented in the area penetrated by East Main which deserves consideration in any extension of the free mail delivery service.

Misses Lillian and Willie Mae Polachsky of Ben Arnold were Cameron visitors Friday.

Edward Schiller of Texas University visited relatives and friends here over the week end.

## Chamber of Commerce Needs Oil Committee

In order to encourage legitimate development of proven acreage in Milam county the Chamber of Commerce, in its forthcoming organization for the new year should have a committee on oil development.

The Chamber of Commerce and city at large owes this obligation to those who are spending their money in this territory. These men, many of whom have lived here for years, need, this encouragement.

There could be no better way to realize on our possibilities than to set up a committee within the organization to co-operate with oil operators, to encourage their living here and to afford them other accommodations to say nothing of investing acreage development with official backing where its legitimacy is established.

Roger Todd of Gause was a Cameron visitor Saturday.

**CHRISTIAN SCIENCE SERVICES**  
"Spirit" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 9.

The Golden Text is: "If we live in the Spirit, let us also walk in the Spirit" (Galatians 5:25.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Lord bless thee and keep thee: The Lord make his face shine upon thee, and be gracious unto thee: The Lord lift up his countenance upon thee, and give thee peace." (Numbers 6:24-26.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spiritual living and blessedness are the only evidence, by which we can recognize true existence and feel the unspeakable peace which comes from an all-absorbing spiritual love." (page 264.)

## Free Delivery Is Begun on Monday

J. R. Hays, post master, has inaugurated free mail service to the western section of the City.

The postal system here is encountering some difficulty because people living in the new area have not yet numbered their homes and unless they do so the mail may be delayed.

Complaints are coming in from other sections of the city, the latest coming to the Herald was that portion of town north of the Yoe High School where free delivery has not yet been instituted.

Already twenty miles of streets are covered by the local delivery system but the extension of free delivery is being demanded in other sections of the town since the inauguration of the delivery west of the Missouri-Pacific lines.

Mr. Hays is hopeful that houses will be numbered soon and the people should manifest more interest in their own government service.
